

Symbols

I am a boat because I am calm and I like to only have a few people as friends and I move all the time.

Background

The other boats mean that I only have a few friends and I don't like socializing with too many people.

The boats are an equal size because my friends matter a lot.

Colours

The green boat is because people know I am there but they don't always acknowledge me.

I did purple and orange because my friends are fun.

Who am I ????
