

Symbols

I am a flower because I am bendy and not easily broken. I am nice and sweet and I did a long stem because I am very tall.

Background

*The bees are my friends. I did bees because bees always are around flowers and my friends are always around me.
Bees polenate flowers and my friends help me to grow.*

Colours

*I did red petals because I stand out.
I did a dark blue stem because I am very strong-hearted.
The bees are green and yellow because they are always happy.*

Who am I ?????
